Topic Collection: Leadership Development

The success of a healthcare coalition depends on the willingness of local agencies and organizations to participate and contribute knowledge and resources. Organizational relationship building and coalition leadership development can facilitate this process and increase the resilience of coalitions and the communities they serve. The resources in this Topic Collection include reports, webinars, and guidance specific to leadership development and relationship building.

This ASPR TRACIE Topic Collection is in the process of being developed and comprehensively reviewed. If you have resources to recommend for inclusion in this Topic Collection, specifically illustrative examples, plans, tools or templates, please email your recommendations to askasprtracie@hhs.gov.

Clark, M. and Liu, J. (n.d.). [Medical Surge: Health Care Coalitions, Tier Response, and Disaster Medical Coordination](#). (Accessed 11/4/2015.) Wisconsin Hospital Emergency Preparedness Program.

The authors provide an overview of Wisconsin's healthcare coalitions, their partners, and their role in emergency medical preparedness and response.

Porth, L., Gatz, J., and Smith, C. (2012). [Building Sustainable Health Care Coalitions in Rural and Small Metropolitan Missouri Communities: HCPHP Webinar Series: Session 13](#). (Requires free enrollment.) Saint Louis University, School of Public Health, Heartland Centers, Center for Public Health and Preparedness.

The speakers in this webinar describe the strategies implemented in Missouri to develop and sustain healthcare coalitions.

Stevens, L., Rancourt, J., Oakar, C., et al. (2013). [Healthcare Reform and Preparedness](#). U.S. Department of Health and Human Services, Office of the Assistant Secretary for Preparedness and Response.

In this webinar transcript, the speakers discuss healthcare coalitions, immediate bed availability, aligning with Accountable Care Organizations, Centers for Medicare and Medicaid Services regulations and waivers in disasters, health information technology and health information exchange during disasters, and other topics related to healthcare reform and preparedness.

U.S. Department of Health and Human Services, Office of the Assistant Secretary for Preparedness and Response. (2013). [Hospital Preparedness Program \(HPP\) Cooperative Agreement: Hospital Preparedness Program \(HPP\) Measure Manual: Implementation Guidance for the HPP Program Measures.](#)

This document illustrates the performance measures for healthcare service delivery systems and marks a directional change in emphasis from building individual facility capabilities to bolstering capabilities through collaborations among regional healthcare coalitions.

University of Iowa, College of Public Health, Upper Midwest Preparedness and Emergency Response Learning Center. (2013). [Capability-Based Training and Education Resources for Coalitions.](#)

The content of this toolkit is organized by each preparedness capability and covers education and training resources for healthcare coalitions.
